Heyin Electronic

— HY-300 —

DESKTOP CRYSTAL LABEL PRINTER

- Stable printing precision with Leadshine servo motor and Hiwin silent linear guide
- High-strength aluminum casting, Zero deformation during long-term use
- Intelligent printing system with automatic pause function when paper is depleted
- Compact footprint, space-efficient operation
- Carriage base plate features heating functionality, minimize environmental interference

Product Details

Monolithic CNC-machined beam+Hiwin silent linear guides

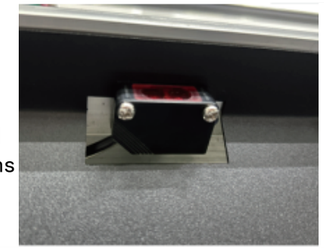

Leadshine servo moto, Stable performance and fast response

Angled nozzle configuration, 20% higher throughput comparedto traditional vertical configurations

Automatic pause upon media detection failure

AHigh-capacity ink supply system with low-ink alert system

New touch control panel, customizable branding interface

Product parameters

Model	HY-300
Printhead Model	EPSON 3200HD
Nozzle Count	1 PCS
Print Speed	Draft Mode 5㎡/h Production Mode 4㎡/h High-Precision Mode 3㎡/h
RIP Software	Maintop Ruiyin with Pp plugin
Data Transfer	Gigabit Ethernet (1000BASE-T)
Ink Color	CMYK + White + Varnish
Print Width	300mm (11.8 inches)
Environmental	Temperature24-28° C (75-82° F) Humidity50-60% RH
Input Voltage	AC 110/220V, 50/60Hz
Power Consumption	800W (1.1HP)
Dimensions	880×700×400mm (34.6×27.6×15.7in)
Net Weight	62kg (136.7 lbs)
